COLLECTION OF **ENGINEERED VENEERS**

Greenlam
Industries Limited

Greenlam Industries Limited has been beautifying spaces for years by infusing creativity into every piece of work and turning it into sheer pieces of beauty and brilliance. A name to be reckoned within surfacing products in more than 120 countries, Greenlam Industries Limited is standing tall with its guiding philosophies - innovative technologies and creative solutions.

And carrying the legacy forward, Greenlam Industries introduced Decowood Veneers in 2002, which transitioned to Mikasa Veneers in 2025. Today, it stands as India's largest-selling decorative veneers brand, consistently celebrating the finest in wood by transforming it into art for your home.

Mikasa
DECOWOOD VENEERS

Mikasa Veneers has been a patron of wood since its inception. At Mikasa Veneers, it's not just about chiselling away blocks of wood for homes, but also the craft and science that goes behind creating these spectacular pieces of art. With a reputation that spans across 120 countries, and over 200 varieties of veneers, Mikasa Veneers has probably the largest collection to choose from. Each veneer of Mikasa Veneers infuses the techniques of master craftsmen through centuries along with the touch of technology. And these designs have to be seen to be believed. They not only seep into our mind and heart, but also command an authoritative presence when they are installed.
