Mikasa
DECOWOOD VENEERS

Greenlam Industries Limited
has been beautifying spaces for years by
infusing creativity into every piece of work and
turning it into sheer pieces of beauty and brilliance. A
name to be reckoned within surfacing products in more than
120 countries, Greenlam Industries Limited is standing tall with its
guiding philosophies - innovative technologies and creative solutions.
And carrying the legacy forward,

Greenlam Industries introduced Decowood Veneers in 2002,
which transitioned to Mikasa Veneers in 2025. Today, it stands as
India's largest-sellingdecorative veneers brand, consistently
celebrating the finest in wood by transforming it into art for your home.

Mikasa Veneers has been a patron of wood since its inception.
At Mikasa Veneers, it's not just about chiselling away
blocks of wood for homes,
but also the craft and science that goes behind creating
these spectacular pieces of art.
With a reputation that spans across 120 countries,
and over 200 varieties of veneers,
Mikasa Veneers has probably the largest collection
to choose from. Each veneer of Mikasa Veneers
infuses the techniques of master craftsmen
through centuries along with the touch of technology.
And these designs have to be seen to be believed.
They not only seep into our mind and heart,
but also command an authoritative presence
when they are installed.

Mikasa
DECOWOOD VENEERS

Mikasa Veneers presents the best of the best.
A hand-picked collection of exclusive designs.

THE SPECIALS

This catalogue represents Mikasa Veneer's speciality in design. Through this, we endeavour to showcase Decowood's innovation in crafting unique veneer designs which have been enhanced by experimenting with their texture, using chemical processes to influence their treatment and by arranging them in special patterns. All this to capture and accentuate the aesthetic beauty and versatility of wood.

Behold, The Specials

NOUVEAU COLLECTION

This collection celebrates the timeless beauty of Oak and Ash, bringing together the distinctive character of both wood species while preserving their natural appeal. The treatment is carefully executed using a single or double staining process to highlight the unique grain patterns and colour variations of the wood. This creates a rich interplay of tones, adding depth, warmth, and sophistication while enhancing the perception of a larger and more inviting space.
